

## The CSRT is calling for speakers.

Share your knowledge with members of The California Society of Radiologic Technologists on topics such as:

- Digital Radiography
- Radiation Therapy
- Fluoroscopy
- Mammography
- Education
- CT

The virtual conference allows you to pre-record your presentation at the comfort of your home/office. Topics for submission should be a presentation of one hour in length and speakers should be prepared to record the presentation by July 15, 2017.

For more information on creating a speaker presentation visit:
