CONTINUING EDUCATION UNITS (CEU)

Effective November 28, 2001, Certified Radiologic Technologists (CRT) (except mammography) and Limited Permit X-ray Technicians **must** obtain 24 CEUs every two (2) years to renew certificate or permit.

CRTs with mammography **must** obtain 24 CEUs, 10 of which must be in mammography, and perform 200 mammography examinations every 2 years to renew certificate.

Licentiates **must** obtain 10 CEUs every 2 years to renew certificate or permit.

2 Year Renewal for Certificates and Permits

The 2 year renewal referred to above began on the expiration date of the certificate or permit:

- (1) In the year 2001 for individuals with a certificate or permit that ends in an odd number;
- (2) In the year 2002 for individuals with a certificate or permit that ends in an even number.

CEU attestation and/or verifications will be requested during renewals starting January 2003. CEU's required during the 2003 Renewal period have been prorated to acceptance of half of the CEU's listed above. All renewals starting in 2004 will be required to meet the full CEU's listed above.

“Approved continuing education credit” means one hour of instruction received in subjects related to the application of X-ray to the human body and accepted for purposes of credentialing, assigning professional status or certification by the:

- (1) American Registry of Radiologic Technologists;
- (2) Medical Board of California;
- (3) Osteopathic Medical Board;
- (4) California Board of Chiropractic Examiners;
- (5) Board of Podiatric Medicine;
- (6) Board of Dental Examiners; or
- (7) Any other professional organizations recognized by the Radiologic Health Branch.
